

SIARC Board of Directors meeting, October 14, 2020

Attendance: WB2VMR, WA2SSJ, KD2LGE, N2EZY, W2WES, KB2NCI

*Tom will contact Stan about reserving the AWA for our Holiday party on December 9

*It was agreed to hold the January Flea Market as in the past. Tom will send out a reminder email a week ahead of time.

*Programs—November will be by Steve on GoKits. Steve handed out an extensive list of possible program topics.

How to choose equipment and costs

Antenna Design

Apps for Hams and how to use them

How to run a NET and Emergency Communications

Build and in-line amp meter for 12 volt operations

How to use FLDIGI

Digital Communications

Off Topic Programs

Q&A about issues.

*Activities for the upcoming year—Fox Hunts, Winter Field Day, Morning training sessions

*Ham Boot Camp (referencing QST, October 2020)

Agreed to form a mentor group of names to assist new hams (from our tests and club) with questions

Create a handout to distribute at the exam sessions about the club and services

Shack “tours” probably by video at this point

Practice qso with HT on low power in the Safety Training Center

Session to show difference in HF and 2 meter FM contacts

*Concluded at 7:20pm
