| 5. WA2SSJ, JOHN    | 12. KD2YEI, BILL  |
| 6. KD2JZQ, KEVIN   | 13. N2EZY, DAVE   |
| 7. KC2UAC, CHARLES | 14. KA2HQZ, SANDY |

Secretary Report---Members indicated minutes had been reviewed on line, minutes not read, noted AWA donation from last meeting.

Treasurer Report---VP Sandy read report from Treasurer Stan WM3D. Balance \$3007.12.

Winter Field Day: Jay KC2TCM reported on the operation, antennas, active bands

RACES report: Steve WB2VMR reports that RACES training will hopefully be every other month, with planning meetings on every third Thursday. All are invited. Meanwhile, we're trying to get more Dlan training, and expect that all RACES members will have Dlan logins. Steve and other RACES members met with EMD Jeff Harloff, who's very pro RACES. Steve is new RACES radio officer. Noted Sunday RACES net on HF at 3993.5 kHz at 0900.

Public Service Events: Sandy KA2HQZ noted the following:

- 4/22 Drumlins Hamfest (tailgating free; inside table \$5)
- 4/29 Wild Water Derby
- 6/16 Shortsville FD Parade
- 7/9 Musselman/Ironman triathlon, Seneca County
- 8/5 Sauerkraut festival, Phelps, Krauter Run (Solar eclipse on 4/8?)
- 

Repeaters Update—Steve WB2VMR reported that the 145.45 is ok so far; 442.2 up and running, linked to 147.090 in Geneva, now looking to replace it with Bridgecom unit; still working on link of 146.82 to the 442.2 repeater. The Dstar repeaters in Honeoye are running and usable. Both are on property of Larry, N2MLH. All frequencies are listed on SIARC website. Tom KB2NCI reported later that as far as repeaters under Dave W2ACCs control, Mike KA2NDW has taken over their care and feeding. He says that the Stanley repeater KD2HVC now has capability of many digital modes, including D-STAR, Fusion, DMR, P25, and NXDN but is getting very little use. He will be keeping the 145.130, 442.225 repeaters in Waterloo up and running as well.

Operating Stories—10 m is open globally.

Breakfast Saturday February 18, 0800, at Villager Restaurant, South Main, Canandaigua, all are welcome.  
POTA---Sandy presented W3AAX interview video.
