

SIARC agenda for July 8, 2026 at the Safety Training Center

--Welcome and guests---Hugh French KE2EXY

--Program was the Parking Lot Show Off Your mobile/portable station. Very nice evening to hold this.

VE testing—One relicensed Technician passed. David KE2IWN from North Chili.

--Secretary Report—Doug—

--Treasurer Report—Stan—(absent) balance is \$5974.17

--RACES/ARES/Repeaters—Steve— *There will be a RACES meeting on Thursday, July 23 at 9am in the Resource Room. There will be a work party needed for Saturday July 18 to move our radio equipment out into storage in the garage. The county is installing new carpeting in the EOC area. Help will be needed for this. VA 146.820 repeater: The VA is refurbishing the entire building that our repeater is in and the power will be turns off with the next 60 to 90 days. The elevator is already out of commission. There will be work party soon to remove the repeater, antenna and duplexers. This will be quite a job just using the stairs. The antenna will most likely be roped dropped down the front of the building. We will need to find another location for the repeater. Jason W2FLX will check with his employer (they install radio systems) about a possible location. Other suggestions were the YMCA, Canandaigua Town tower site, Gallo Winery.*

WB2VMR mentioned that the state will be holding an AUXCOMM training at the Safety Training Center on November 7 and 8. Sign up will be at the end of August and limited to 30. Must have NYSDHSES student ID to enroll. Need to complete ICS 100, 200, 700 and 800 before the course. There is not a cost to the student.

--H&W net still going on weeknights on the 146.820 repeater—

---Rochester Hamfest report—*SIARC had a table to promote the club. WB2VMR, KD2SER and KB2NCI were there. There was a few old friends that stopped by.*
