

**SIARC MINUTES
REGULAR MEETING JULY 10, 2019**

PROGRAM:

- Annual outdoor gathering showcasing mobile and portable setups.

REGULAR MEETING CALLED TO ORDER at 8:38 or so:

- Presiding: President Tom Sanders KB2NCI
- Recognition of Steuben County guests.

MINUTES OF PREVIOUS MEETING

- Summarized by Tom, approved.

TREASURER'S REPORT

- Treasurer absent
- Balance \$2037.36
- Reminder: dues due in September.

VE TESTING

- 5 tested tonight, all passed.

FIELD DAY 2019

- Don N2VDE reports 623 contacts, 7 countries, most states
- At least nine visitors, overall good event
- Location for next year needs to be discussed.
- Steuben used EOC this year, good event there as well

FINGER LAKES AMATEUR RADIO EMERGENCY SERVICE

- Multi county group met to begin exploring regional concept, sharing of resources.
- Group in infancy, next meeting's not scheduled yet, but all invited.

PUBLIC SERVICE EVENTS

- Shortsville parade covered, good event and learning experience for participants.
- Musselman Triathlon this weekend, contact Tom if you can help.
- August 24 is the Roc Ride in Rochester
- Finger Lakes Triathlon September 8 Canandaigua
- Wineglass Marathon Oct 6 from Bath to Corning outlined by Randy N1PTB and Ron K2TJW. Ten operators, 5 Dstar, 5 analog. Android phone and a Dstar radio and you're good to go. 7000 runners participate. Committee provides \$25 gas card to volunteers. See Tom if you wish to volunteer.
- Save September 8 for Finger Lakes Triathlon in Canandaigua.

MISCELLANY

- No meeting in August
- Breakfast August 17; let Tom know if you're coming
- Programs for fall are needed; let Tom know if you have any ideas.
- Elections for officers in September; all positions are open.
- 6 Meter repeater 53.11 82.5 PL, standard offset, hopefully up in Middlesex by August.

- General discussion of Stanley repeater; Tom will check with Dave W2ACC
- Tony KD2HNI found ham radio in places he didn't expect: peakbagger.com for one. And there appears to be some kind of legislative discussion somewhere about service v. hobby, perhaps involving Winlink and interference.
- Tom noted 146.52 simplex contact with aeronautical mobile coming into Canandaigua airport; suggest more frequent monitoring. Dean W2WDS reports coyote hunters on 52 in his area; doesn't think they're hams.

ADJOURNMENT: 9:09 PM or so.
