

SIARC Minutes, 2-14-18

Meeting called to order at 7:38pm by Tom Sanders, KB2NCI

Secretary report—minutes from January meeting read and approved

We will need a table reserved for the Drumlins Hamfest. Tom will do that and Steve WB2VMR will manage the two tables (same spot we have had) for us.

Treasurer report—current balance is \$3393.11.

FLCC Library—Tom proposed that we have our April meeting at the Maker Space at the FLCC library to become more familiar with what it has to offer. John WA2SSJ will contact the library to arrange this.

Drumlins Hamfest—in addition to the space available for our members to sell from, we will be selling what is left over from the estate of Bernie Klem, K2BND. We will be marking those items with suggested prices.

VA repeater—we will be looking at replacing the 146.820 repeater or adding a remote controller to the existing repeater. We need to be able to disable the repeater remotely.

Meeting was adjourned at 8:03pm

Program was by Rich WB2JLR on his time in Ecuador at the HCJB broadcast station. Very nice, Rich.
